The Wildfire History Video Project is a collaboration between JCC, Sonoma County (Ellen Blustein, Director) & Listening for a Change (Phyllis Rosenfield, Director) funded by a grant from the Jewish Community Federation's Wildfire Relief Fund. These two community-based organizations worked together to interview 60 members of our Jewish community who lost their homes in the October 2017, fires. Creating a space and vehicle by which people could share their stories was a cathartic, healing experience. Join us to learn to learn more about personal story-telling and movement toward recovery.
